

# Environmental, Sustainability and Ethical Policy

The Directors of Accent Fresh Ltd. have agreed the following set of principles and company policies in order to show due regard for, safeguard and where possible enhance both the local and global environment and to reduce the impact that this business has on it.

1. To, where ever possible, purchase goods from growers and suppliers who are working to similar environmental and ethical principles as are Accent Fresh Ltd.
2. To work with growers and suppliers who are following the guidelines of good agricultural practice with regard to water use, pollution, chemical use and energy consumption.
3. To minimise the use of energy throughout the business of Accent Fresh Ltd.
4. To invest in energy saving equipment where available and cost effective.
5. To promote and source local produce as a priority and to minimise and challenge 'food miles' as a matter of purchasing policy.
6. To minimise all forms of waste and actively seek out ways to separate and recycle any generated waste.
7. To dispose of waste products in the appropriate and recommended manner in order to minimise any impact on the environment.
8. To show due regard and respect for the welfare needs of the labour force at Accent Fresh Ltd and also the labour forces of associated suppliers and customers and to work with businesses who uphold similar principles.
